Units Sold*

Units Sold

With relatively few transactions, there was an increase in total units sold in September, with 6 sold this month in Surry County. This month's total units sold was higher than at this time last year, an increase from September 2017.

Active Inventory

Versus last year, the total number of homes available this month is higher by 5 units or 17%. The total number of active inventory this September was 35 compared to 30 in September 2017. This month's total of 35 is lower than the previous month's total supply of available inventory of 36, a decrease of 3%.

Active Inventory*

Median Sale Price

Median Sale Price

Due to the relatively small number of units sold, the median sale price showed significant change this month. Last September, the median sale price for Surry County Homes was \$299,000. This September, the median sale price was \$149,250, a decrease of \$149,750 compared to last year. The current median sold price is lower than in August.

Median sale price is the middle sale price in a given month. The same number of properties are above & below the median.

Months Of Supply

Months of Supply

In September, there was 5.8 months of supply available in Surry County, compared to 15.0 in September 2017. That is a decrease of 61% versus a year ago.

Months of supply is calculated by dividing current inventory by current sales. It indicates how many months would be needed to sell all of the inventory available at the current rate of demand.

New Listings & Current Contracts

This month there were 5 homes newly listed for sale in Surry County compared to 4 in September 2017, an increase of 25%. There were 4 current contracts pending sale this September compared to 5 a year ago. The number of current contracts is 20% lower than last September.
